## A Citizen Speaks to the Board of Public Safety.

The Jefferson county grand jury say they cannot become detectives in order to locate gambling dens and fix the illegal proceedings on any gambler and ask the good citizens and press to lend their aid by giving such information as is needed to bring them before the courts. To this a citizen speaks out in public print. We add a few thoughts hoping that they may prove helpful to the city of Mt. Sterling, to Montgomery county grand juries.

WAITED PATIENTLY.

"I have waited patiently four whole days since the plea of the grand jury was published, to see if some one, if not all of you, city officials sworn to do your duty, would not resent the affront that has been put upon you by this publication, but not a murmur has been heard that has passed beyond the walls of the City Hall. Your righteous indignation, if aroused, has evidently been directed into channels that 'consumed its own smoke.' While one of your number, no doubt, become callous through similar experience in years past, yet I did have a faint spark of hope that the others might have sufficient discernment, and not be so utterly insensitive to public opinion, as to let pass unrebuked such an appeal of the grand jury certainly in the eyes of the thinking public, whether it was so intended or not.

KNOWS GAMBLING EXISTS.

"What greater indictment before the public could be made! In my opinion, none, short of actual criminal proceedings. I will say to you, as I said to your official predecessors in office (who were as skillful in avoiding the suppressing of gambling as you could ever hope to be) that 'you know, and I know, and every sane man in Louisville knows, that gambling does not exist in this city,' and you, in your official capacity, as members of the Board of Public Safety, are in one of the three following conditions. Either unwilling to suppress gambling for reasons best known to yourselves, too innocent and unsuspecting to live in so large a town or grossly incompetent to take proper steps to suppress it, and therefore unfit to hold your present positions on the board.

GAMBLING NEXT STOP.

"Things cannot go on forever as they are, and there are men in this town today, with as good staying qualities as you will find anywhere on earth, and they say that gambling shall cease, and if you, as officials sworn to do your duty, fail in it you will not be overlooked in the round up."

"Practically, in conclusion let me say that if you do realize that it is time for you to move, all you have to do will be to order the Chief of Police to put into effect the rules I presented to your board last year relative to patrolmen investigating places where gambling is reported to them as being carried on, and reporting same to the grand jury then in session, and you will either close all the gambling dens or have a great many vacancies in your police force. I firmly believe in the former, as I am satisfied the police will do their duty if given to understand that the new rules must go. If you do not happen to have the rules I presented, I shall be glad to furnish you with a copy, and, when adopted, will send you a list showing every place in the city where gambling is alleged to exist. This list may not be necessary, as in your official capacity it would seem natural only that each infor-

mation should reach you, but if you desire it I will gladly send it.

NAY GO TO THE COURTS.

"I have no apology whatever to make for this addressing you in the public prints, instead of privately. It is a public matter. In the foolish hope that this administration might do something in this matter, and not wishing to hamper it in its first months of office, I have waited since you were appointed, to see if you would do your sworn duty, and now the citizens of Louisville who are interested in this matter propose, after thus calling your attention to your duty, if you do not perform it you will be treated to such legal administration of the matter as your failure to act justifies. 'A word to the wise is sufficient.' It remains to be seen what a 'word' to you signifies.

## Fair Circuit.

The Fair Secretaries' Association of Kentucky was organized at Lexington last Tuesday with W. O. Galner, of Georgetown, as president, and Frank P. Kenny, of Lexington, secretary and treasurer. Those present were M. W. Neal, representing the Interstate Fair Association; H. L. Hamilton, Elks Fair Association, Maysville; David R. Davis, Richmond Elks Fair; G. G. Speer, Anderson County Fair Association, Lawrenceburg; Will O. Guines, Georgetown Elks Fair; H. Z. Churchill, Elizabethtown Fair Association. It is also believed that Winchester, Springfield, Horse Cave, Alexander, Florence and other fairs will come into the association. By the establishment of a regular fair circuit it is thought that there will be much less difficulty and expense in the secretaries securing attractions.

Following are the fair dates as arranged by the association. Richmond, third week in July. Georgetown, fourth week in July. Hustonville, fifth week in July. Danville, first week in August. Lexington, second week in August. Maysville and Lawrenceburg, third week in August. Shelbyville and Germantown, fourth week in August. Bardonia and Glasgow, first week in September. Elizabethtown and Bowling Green, second week in September. Interstate Fair, Louisville, fourth week in September.

## Superintendent.

The Paris Board of Education has elected Prof. J. E. Sharon, of Lexington, superintendent of the Paris High School, to succeed Prof. Reubel, who will travel for an Eastern publishing concern. The new superintendent is a graduate of the State A. and M. College at Lexington.

## GRAPHIC DESCRIPTION.

Of the Awful Scenes During the Soufriere Eruption.

In a dispatch from its correspondent in the Island of St. Vincent, B. W. I., the N. Y. Herald says:

Admonitory rumblings and earthquakes in the vicinity of Soufriere came two weeks ago.

On Monday, May 5, the lake in the old crater became greatly disturbed. On Tuesday at 2 o'clock in the afternoon the mountain began a series of volcanic efforts. Several earthquakes followed these terrible noises, and detonations succeeded quickly. At 7 o'clock in the evening an immense column of steam issued from the crater and lasted until midnight.

Terrific explosions followed on Wednesday morning, and at 7 o'clock there was another sudden violent escape of steam. This answered for three hours when other material was ejected.

At noon three craters appeared to open and began to vomit lava. Six streams at once ran down the side of the mountain, making an awful scene. The mountain labored heavily for half an hour after the appearance of the lava. Fire flashed around the edges of the craters, and there were tremendous detonations in succession, rapidly merging into a continuous roar. This lasted through Wednesday night and until Friday morning. The thunderings of the volcanic action were heard throughout the Caribbean sea.

The eruption began Wednesday. A huge cloud in a dark and dense column, charged with volcanic matter, rose to a height of eight miles from the mountain top. Darkness like midnight descended and the sulphurous air was laden

with fine dust. A black rain followed, a rain of Pavilla scoriae, rocks and stones. There were bright dashes, numerous and marvelously rapid. These, with thundering, the mountain shocks, the earthquake roar, the lava and falling stones, created a scene of horror. Large areas of cultivation have been buried beneath the volcanic matter. On the windward coast seven plantations are totally destroyed. Nothing green is visible.

Sixteen hundred and twenty deaths are already reported. There are 167 cases in the hospitals at Georgetown under treatment. The deaths have been caused chiefly by suffocation by the sulphurous gas, lightning and burning lava masses. Few of the cases in the hospital are likely to recover. The crew of H. M. S. Indefatigable buried thirty persons found dead on the Ovia estate, north of Soufriere.

A new crater is reported formed on the Richmond estate near the seashore.

The country districts on the windward coast are littered with dead bodies.

Kingston, the capital, and the whole population, are safe. There have been no accidents or deaths. Clouds of dust are blowing over the city, however. The royal mail steamer West, is transporting food and water to the leeward coast, sailing vessels proceed to the windward coast on the same errand. Doctors and nurses have gone to the scenes of distress.

The majority of the corpses being found are covered with ashes, decomposed and hardly approachable. The dead are being buried in trenches, thirty in each.

## ANNUAL MEETING.

Of Red Men of Kentucky—300 Representatives Present.

Mt. Sterling Tribe was represented by Joe Kemper, who is pleased to express in beautiful words the delightful time enjoyed by Kentucky Tribes.

The Grand Council met at court house and after addresses of welcome and responses they went into secret session.

The council elected the following officers: Great Sachem, W. C. Pellam Maysville; Great Senor Sagamore, H. L. McFarland, Lagrange; Great Junior Sagamore, H. D. Denhart, Bowling Green; Great Prophet, Gustav A. Eller, Kamp, Louisville; Great Chief of Records, O. E. Lyddane, Winchester; Great Keeper of Wampum, S. C. Moore, Louisville. Maysville was chosen as the next place of meeting.

SOUTHERN BAPTIST CONVENTION.

Messages returning from the recent annual session of the Southern Baptist Convention which met in Asheville, N. C., are of a character in their praises of Asheville as a meeting place for conventions, and especially long in their commendation of the justly celebrated Southern railway for its masterly handling of the great crowds in attendance upon the convention. Passing through the most charming scenery in the world, this road furnishes easily the best service in the entire south. Hence, it is no wonder that the convention was so successful. The convention was a great meeting. Five or six thousand Baptists were in attendance. The churches, boards and missionaries had a prospect of a year, and came up to the annual gathering full of enthusiasm. The Sunday school board showed a business of about \$9,000,000 increase of nearly \$1,000,000 over the year before, while the Home Board reported cash contributions amounting to \$1,000,000, which employed 75,000 missionaries who had received from their mission churches 17,000 members. This board has forty missionaries in Cuba. The Foreign Mission Board reported cash received \$17,000,000 and 300 missionaries in foreign fields. Twenty new men had been sent out during the year. There were 15,000 baptisms on the foreign field. The largest number being in Japan. The woman's Missionary Union had a great year, raising \$88,000. Dr. McConnell's convention sermon was one of the greatest in the history of the convention. Ex-Gov. J. P. Eagle of Arkansas, was chosen President, and made a model presiding officer. Work was laid out for next year on a basis of 25 per cent increase, and it is confidently expected to go beyond that.

The next meeting goes to Savannah, Ga., a good town, entered by the Southern Railway, hence any who attend may expect the same excellent service of this

year. The Sunday of the convention was given up to preaching, almost every pulpit in the city being occupied by some visiting preacher. Of those who preached twelve were from Kentucky.

## TO SUCCEED HIMSELF.

It will be observed under the head of announcements that our esteemed contemporary, John C. Wood, desires to again represent the people in the capacity of Railroad Commissioner. Really the position is an enviable one, and while it is a fact the duties do not require all of the officials' time, it is a responsible place, one to be filled only by our most honorable men.

John Wood is serving his second term, and since neither the people nor the railroads have cause for complaint, we must conclude Mr. Wood has made a just official. That Mr. Wood has been a middle man considering what would be best for both the people and the roads has been demonstrated by his action here, causing a guard to be placed at the crossing of the C. & O. and the Owsingville and Mt. Sterling turnpike. The company suggested a patent alarm, but Mr. Wood reasoned this way: The alarm has not in all cases proven effective, and for any accident that may occur because of its failure to respond both the road and the Railroad Commission would be responsible, and in his opinion the man at the crossing would be a better protection for both the company and the public.

As was his action in this case, so it has been in all. The company accepted his reasoning and a friendly spirit prevails between company, the public and Commissioners. He is a friend of the railroads, is loyal to the people, true of heart and mind, above suspicion.

The Republican party has given Kentucky a clean man in Mr. Wood and would make no mistake to re-nominate him. So free from partisanship has been his conduct and to the interest of all concerned that the people would think a Democrat was holding the throttle lever.

## EUROPEAN EDITORS

### WILL COME.

In a letter written at Lucerne, Switzerland, to the World's Fair Committee, St. Louis, Walter Williams, editor of the Columbia, Mo., Herald tells of his World's Fair promotion work in Germany. After leaving Berlin he visited Wittenberg, Halle, Dresden, Cologne, Bonn, Coblenz, Mayence, Nurnberg, Heidelberg and Freiburg. He writes: "I find a wholesome interest in the Exposition. The suggested World's Fair parliament of editors talks well with the newspaper people. The most influential Berlin editors, with scarcely an exception, will attend. Among those who positively promised were: Alexander von Hulin, of the Vossische Zeitung; Dr. Hermann Cardanus, of the Koelnische Zeitung (Cologne); Privy Councillor Dr. W. Lauser, of the Imperial organ at Berlin; Dr. H. von K. of the Berlin Lokal Anzeiger, and some twenty others."

If the World's Fair would make a big hit there should be set apart a time early after the opening when America's city editors should meet the distinguished visitors, and this followed by another period when the rural editors would take the day. In fact we would like to see the country press pull with the great ones of our American press and to read their editorial in parallel columns.

## COMPREHENSIVE.

The following notice is to be seen over a little country store in Georgia: Jonathan Wilkins, Ice cream in season and embalming on reasonable cash terms. Also millinery and tooth pulling. Boots, shoes, boots and bacon. Coffins on the installment plan.

There are business men who

would try to think for a year and make a worse job than this. Whom does this catch? Everyone of average comprehensive powers. They will understand that the advertiser has some good stuff in his make up and to his place of business they will go. What is your stuff? Put it on exhibition.

## WANTED.

"The world wants men—Large hearted, manly men; Men who shall join its chorus and prolong—The psalm of labor and the psalm of love. The age wants heroes—Heroes who shall dare to struggle in the solid ranks of truth; To clutch the monster error by the throat; To bear opinion to a loftier seat; To blast the error of oppression out; And lead a universal freedom in."

The above is the production of a man with a practical thinker. He has knowledge of the needs at the bar, among physicians, educators, scientists, politicians, editors—in every calling from the man at the pick to the preacher in the pulpit.

The world wants men to prolong the song of the honest breadwinner that every stroke may become one of content, that the home may be resonant with love's praises. With true men at the heads we have heroes—men who will stand for right, uphold existing laws in the protection of life, liberty and property. Bickerings, backbitings, knocking, jealousies would become subjects for the historian's pen.

O, for men, for heroes!

## PUSH AHEAD.

The wise business man has no time for lamenting past failures—he throws all his energy into making a success of the present and future.

It was a man representing a business who was hurrying down the street. Where are you going? To see a man was the reply. He saw him and they discussed and resolved and there drove a pin. That was the end. Many are the discussions and resolutions and fewer the doings. Push ahead!

## SILVER DEAD.

Senator Stuart, speaking on the Philippine Government bill, took occasion to say the silver question was a dead issue because of the large output of gold. Such an admission is conclusive evidence that the silver question, as argued by Bryan and his followers was correct though now dead. The volume of basal money was one of the great arguments and one of the most convincing. It has yet to be answered by the single standard opposition of that day.

## SOCIAL EVENTS.

An impromptu hop was given on Wednesday evening by the Sterling Dancing Club.

The strawberry supper by the ladies of the Episcopal church netted about \$35.

The ladies of Somerset neighborhood will serve ice and cake on Saturday evening at the church.

## May Court Day.

About 700 cattle on the market. Market slow. The dry weather seemed to take all life out of trade. A few 900-lb. steers sold at 50¢ most sales at 4 1/2 to 4 3/4¢; yearlings at 4 1/2 to 5¢; heifers, 3 1/2 to 4¢; cows, 3 1/2 to 4¢. The crowd was not as large as usual and very few persons were anxious to buy. Grass short and dry weather gave the market a black eye. Good many cattle left over unsold at night.

## SALES.

Josh Owens bought 18 900-lb. steers of Ben Perry at 4 1/2¢.

Jas. Owens, of Clark county, bought a bunch of 75-lb. heifers from Frank Clark at 3 1/2¢.

Arnett & Allen sold 38 about 700-lb. steers to Stuart Taylor, of Clark county, at \$32.50 per head.

John Allen sold 16 900-lb. steers to Will Gay, of Bourbon county, at 4 1/2¢.

Arnett & Allen sold 2 850-lb. steers to same party at 5¢.

St. Hart bought 1000-lb. oxen at \$2.85.

J. W. Downing, of Fayette county, bought a lot of 900-lb. cows at \$3.30.

Wm. Razer bought 7 800-lb. heifers of Joe Rose at \$3.40.

A good many other sales at about these prices.

W. W. Swango sold a bunch of sheep, 90 lbs., all wethers, to F. M. Gillipie at 3 1/2¢.

Bennie Wade bought a car of 150-lb. hogs of H. B. Downing at 5 1/2¢.

## HORSES AND MILK.

Mules were about as usual. No fine mules for sale. Horses were brisk and a good many sold. Harrison & Co., of Lexington, bought quite a number of good horses at \$100 to \$250. No fine horses sold.

## From Philippines

Alfred Downer who has just returned from the Philippines, is in the city visiting his brother, John Downer. He has seen considerable service with the 3rd Cavalry, U. S. Regulars, being in twenty-two lively engagements. He was wounded on May 1st. He talks interestingly about his experience in our far Eastern possessions. We were greatly interested in looking over quite a collection of photographs, snap shots and steel prints of scenes in our Eastern Islands, illustrating manners, customs etc. of the natives and showing hardships of our soldier boys. We welcome Mr. Downer on his fortunate escape from the grim monster which has claimed so many Americans since we paid twenty millions for a little insurrection.

## Declamatory Contest.

On last Friday evening a select crowd assembled at the opera house to enjoy the program for the occasion and witness the selection of contestants to represent the Mt. Sterling school at the tournament to be held at Versailles May 29-30-31. Miss Mary Oliver won over the young ladies in "The Old Actor's Story" and Master Fred Morris over the young men in "Jimmie Brown's Steam Chair." The boys and girls contended well for honors and the program composed of declamations, instrumental and vocal music, solos, duets and choruses by the pupils of the school was a feast of good things. It was a real school entertainment and was enjoyed the more for this reason. Should the contestants be defeated at Versailles the successful ones will know they had a close call.

Prof. John L. Hill, after being away from his grade in Mt. Sterling Public High School for about six weeks on account of an attack of small pox, took charge of his grade Monday. Prof. Hill is really grateful for the many kindnesses of our people.

## Gymnastics

Will do much to develop a muscular body. But the strength of the body is not to be measured by its muscle, but by its blood. If the blood is impure, the body, in spite of its bulk and brawn, falls an easy prey to disease.

There is no medicine equal to Doctor Pierce's Golden Medical Discovery for the purifying of the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor.

There is no alcohol contained in "Golden Medical Discovery," and it is absolutely free from opium, cocaine and all other narcotics.

"I feel it my duty to write to you of the wonderful curative power of your 'Golden Medical Discovery,'" writes George H. Henderson, Esq., of Denver, La. Co., Florida. "I had a bad bruise on my right ear and my blood was badly out of order. I tried several doctors with no good results. Finally I wrote you the particulars in my case and your doctor told me better, and when I had taken eight bottles the cure was healed up. I wish you success."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## CORRESPONDENCE

### SALT LICK.

W. J. Fell has returned from Pittsburgh.

Work will begin this week on the telephone line from here to Yale.

There are many cases of measles here. Several older persons have been confined to their rooms with them.

Saturday morning while shooting one of the new wells at Ragland too much water was left in the well and the charge blew out the casing and top of the derrick, but no one was hurt.

Several new machines will be here in a few days to bore in the Ragland field and around here.

An attempt was made to rob our bank last week, but from all appearances the would-be robbers were amateurs. Mr. Vice's shop was first broken into, and securing his tools it is supposed they went to the bank about 3 o'clock a. m. Only one dollar was lost, it being left in the cash drawer. The tools were left on the floor in the bank.

Mrs. Lou Ratliff and Mrs. Lizzie Burbridge spent several days with Mr. and Mrs. N. R. Ratliff last week.

Mrs. Andrew Cheap visited friends in Olive Hill last week.

Oliver Lewis caught a fish last Friday out of Licking river weighing forty-eight pounds. Several weighing from twenty to forty pounds have been landed in the last week.

The big tank at Ragland is almost full. When full the number of barrels it will contain will be 56,000.

Miss Lena Robbins who has been quite sick for the past few weeks is able to be out again.

Jess McCarty has about recovered from a spell of fever.

### Sufficient.

Consul Ayme telegraphs that the supplies now afloat are sufficient to satisfy the necessities of volcano victims in Martinique and suggests that public subscriptions in the United States cease at once.

For Sewing Machines and all kinds of repairs see R. F. GREEK, at Singer Sewing Machine office.

### At Play.

There was another lively debate in the House on the Philippine question, during which the "separatist" resolutions adopted by the Indiana G. A. R. came in for considerable discussion.

Pending the consideration of the Naval Bill Mr. Cannon and Mr. Hepburn protested against the number of naval officers on shore duty, and Mr. Williams created laughter by reading a poem describing Admiral Crowsnield as "the greatest tar that ever stayed ashore."

The L. H. and St. Louis (Henderson Route) are preparing to do a large excursion business from July 31st, to August 12th, from all points on their line, to the new Owensboro Chautauqua. Nothing like it has ever come to Kentucky.

For twelve days the very best and most attractive Chautauqua features are to be placed in the beautiful Seven Hills Park, near Owensboro, which is almost bounded by this popular line of railway. Every good taste has been catered to.

There will be popular lectures by Gen. Gordon, Gen. Wheeler, Dr. McArthur, Gov. Boyd Taylor, H. W. Sears, Mrs. Rorer, of the Ladies Home Journal, Miss Ellen M. Stone, the ransomed missionary, Lieut. Hobson, Dr. John MacNeil, the Scottish Surgeon, and scores of others; and every day and every evening will be given a series of the most delightful entertainments consisting of everything, from slight of hand and jugglery, to the highest class of popular music and moving pictures.

Farmers and their families will be especially interested in the coming of John M. Stahl, Secretary of the National Farmers Congress, and every evening a great pyrotechnic display will be given by LaRoe's electric fountain, two feet larger than the one shown at the Worlds Fair.

Remember that the Henderson Route, the most popular passenger line in Kentucky, will give you full and complete information about the additional features of this assembly, through any of their agents, or you can write to the Superintendent of the Chautauqua, W. G. Archer, Owensboro, Ky., and he will send you a special booklet containing full information as to camping and living privileges, and the complete programme. L. J. Iwain, General Passenger Agent.

### Control.

J. P. Morgan & Co., having purchased the controlling interest in the Monon, are now considering the financing of the merger with the Louisville and Nashville and the Southern. It is reported that the conversion price of the stock will be \$74 for the preferred and 77 for the common. The present management of the Monon, it is said, is not being consulted in the deal.

### Hatchel and Cherry Tree.

Mr. Chas. Ragan, of the county, with his little hatchel, was up in a cherry tree Thursday morning chopping off some limbs, when one of them broke, throwing him to the ground, his shoulders striking a log and bruising them considerably. He was not seriously injured.

### Attraction.

The World's Fair Band will play at the Lexington Elks' Fair this year, Aug. 11-16. This band has a national reputation acquired by having played at Pan-American exposition at Buffalo, California, mid-winter fair and Omaha exposition. The Elks are starting out for real success.

Joseph P. Gordon and Miss Retta Moore, colored, were married Wednesday evening at the home of the bride, "Uncle Joe," as he is familiarly known, is one of the best blacksmiths in the State. He works for Mr. John Tipton.

### Storm in Louisville.

For five minutes Tuesday afternoon, May 13, a windstorm amounting almost to a cyclone, held Louisville in its grasp. There was a brilliant electrical accompaniment and in some sections of the city a terrible downpour of hail. In the twinkling of an eye damage amounting to probably \$50,000 had resulted. Houses were unroofed, chimneys blown to the ground and telegraph, telephone and electric light poles snapped off like straws.

### DESCRIPTION

Bay stallion, star-nip, hind pasterns white, 15 3/4 hands high, foaled in 1894. A fine, large, well made horse with plenty of substance and quality. An exceptionally well bred horse, and a high-class race horse. Secured his record in a five heat winning race, and was only beaten a head, in 2:10 1/2 by but a few feet. ST. VINCENT'S opportunities have not been good; he has had few leads out of good ones. His list of performers are all trotters. He has never sired a pacer, Lord Vincent 2:08 1/4 by him, is everything considered, one of the very best trotters of the present day. He was far from being a sound horse still even in that condition, he raced better and struggled better than most horses that we see from overseas. ST. VINCENT will get good trotters, for in the last two years he has had a better class of mares. I like his breeding and am confident that he will sire great race horses.

## THE TWO SINNERS.

### A Story of Real Up-to-date Life.

She was a woman, worn and thin, whom the world condemned for a single sin. They cast her out of the king's highway, and passed her by as they went to pray. He was a man and more to blame. But the world spared him a breath of shame. Beneath his feet he saw her lie, but he raised his head and passed her by. They were the people who went to pray, at the temple of God on the holy day. They scorned the woman, forgave the man; 'twas ever thus since the world began. Time passed on and the woman died; on a cross of shame she was crucified. The world was stern, and would not yield, and they buried her in the Potter's field. The man died, too, and they buried him in a casket of cloth with a silver brian, and said, as they turned from the grave away, "We have buried a noble man today." Two mortals knocked at heaven's gate, stood face to face to inquire their fate. He carried a passport with an earthly sign, but she a pardon from love divine. Of ye who judge 'twixt virtue and vice, which think ye entered paradise? Not he whom the world had said would win, for the woman alone was ushered in.

### Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, well known attorney of Nocona, Tex. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble.

### Mighty Good.

A delicious fruit charlotte recipe may be made as follows: Half a box of gelatine, one cupful of strawberry juice, two eggs, one quarter pound of stale macarons, one-half cupful of cold water, three quarters of a cupful of sugar and one and one-half cupfuls of cream.

Cover the gelatine with the cold water and let it stand for one half hour. Heat the strawberries, if fresh, until the juice begins to come from them, then add the sugar and cook to a light syrup. Press through a sieve and return to the stove to heat. Beat the yolks of eggs light and add the hot syrup, beating all the time. Return to double boiler and cook two minutes then add the gelatine and macaroni and pour on to the beaten whites of the eggs, stirring continuously. Whip the cream to a stiff froth, beat in the fruit and egg mixture, and turn into a mould previously wet with cold water to harden. Garnish with fruit or jelly.

Try it and send us a saucer. We can tell if directions were followed strictly.

Thomas Maple, Birbeck, Ill., writes: "I had a very bad case of kidney trouble and my back pained me so I could not straighten up. The doctor's treatment did me no good. Saw Foley's Kidney Cure advertised and took one bottle which cured me and I have not been affected since. I gladly recommend this remedy."

# Railroad on the Panhandle.

A narrow gauge railroad is now being built from Jackson along the famous Panhandle to Frozen creek, a distance of about eight miles. It looks very odd to the people of Jackson and too sightseers to see a "dinky" train running along the narrow neck of this famous freak of nature, where the Kentucky river, after having run seven miles, comes back within sixteen feet of itself.

# Dangerous if Neglected.

Burns, cuts and other wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Witch Hazel effects a cure. "I had a running sore on my leg thirty years," says H. C. Hartley, Yanketown, Ind. "After using many remedies, I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. F. C. Duerson, Druggist.

# Don't Start Wrong.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sore throats, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best medicine I ever used," says J. H. Bowles, Groveton, N. H. "I never found anything that acted so safely and quickly."

F. C. Duerson, Druggist.

# DON'TS FOR WIVES.

Don't make a god of a man unless you want him to make a fool of himself.

Don't treat him as if he were your master; let him keep an office boy to kick.

Don't talk too much. What you say will thus become more or less unoriginal.

Don't "meet him with a smile" until he wishes you'd take something for it.

Don't agree with him until he is unexcused. The matrimonial system requires a certain amount of acid, only let it be wholesome.

Don't try to manage his business. He isn't making anything like the success of it that he could, with your tactics, but he is too dense to understand that.

Don't scold him. Don't bite him with sarcasm. When he is proof against reason, try gentle ridicule. He likes a little affectionate pinching.

Don't lower your standard of purity. Show no appreciation of coarse jokes. When he married you he thought you were a lady; don't let him make anything else of you.

Don't tell him it is his "own fault." He is no more infallible than you are. He probably thinks he is and you needn't contradict him. It isn't worth while. Be kind and sympathetic, always. It pays 100 cents on the dollar, anywhere, any time.

Don't visit too much, and entertain in proportion. A true man loves his home because it is the temple of domestic happiness. A true woman loves it for the same reason. The charm is lost when it becomes a visiting mart.

Don't neglect to mention occasionally that he is an unusual character, different from any you ever knew. He likes that. Always be discovering new and admirable traits. As long as you can set these out in attractive language you are sure of a hearing.

Don't fail to laugh at his jokes, to encourage his ambitions, to live within his income. Don't be petty or spiteful. Don't fret. Don't tell him you wish you hadn't married him—the chances are you don't wish it any more than he does, but neither of you will wish it if you will do by each other as you would he do by.

"More haste, less speed," and "hasten slowly," are proverbs born of experience that some things can't be hurried without loss and waste. That is especially true of eating. The railway lunch habit, "five minutes for refreshments," is a habit most disastrous to the health. You may hurry your eating. You can't hurry your digestion, and the neglect to allow proper time for this important function is the beginning of sorrow to many a busy man. When the tongue is foul, the head aches, when there are sour or bitter risings, undue fullness after eating, hot flashes, irritability, nervousness, indigestion, cold extremities, and other annoying symptoms, be sure the stomach and organs of digestion and nutrition have "broken down." Nothing will re-establish them in active healthy operation so quickly as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, nourishes the nerves, purifies the blood, and builds up the body. It is a strictly temperance medicine containing no alcohol or other intoxicant.

Given away. Dr. Pierce's Great Work, The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the paper covered book, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.

An official report gives the estimated additional cost necessary to complete Siberian railroads as \$46,030,000.

# The Great Scourge

of modern times is consumption. Many cures and discoveries from time to time are published, but Foley's Honey and Tar does truthfully claim to cure all cases in the worst stages. Take no substitutes.

# HISTORIC DOUBT RAISED.

Respecting the Duke of Wellington's Duel with Lord Winchester.

An historic doubt has been raised respecting the date of Wellington's duel with Lord Winchester. In the official life of the duke, Sir Herbert Maxwell, the account runs as follows: "The duke leveled his pistol at once, but, seeing that Lord Winchester did not move, seemed to hesitate for a moment, and then purposely fired wide of him." To this statement a note is appended: "It ought to be recorded that Lord Winchester had written to Lord Falkland overnight to say that it was his determination not to fire at the duke, and that after the first fire he should offer the expression of regret which he would then be ready to make." But Mr. David Grant writes to the London Daily News to offer another version. He declares: Shortly after the duel a friend met Wellington in the street, and after congratulating him on the satisfactory termination of the meeting, said: "Did you really intend to hit Winchester?" "Hit him?" said the duke, "of course I did. If I hadn't done so, every silly jackass who wanted a little cheap notoriety would have sent me a challenge. Now they'll leave me alone." Whatever Wellington actually did on "the field of honor," the language attributed to him in the above sounds uncommonly like his habitual speech. But we have his own complaint that he was "much exposed to authors," and it may simply be that another one has now put words in his mouth.—N. Y. Post.

# Dogs Disguised as Babies.

Dogs imported into England are at present subject to as strict a police supervision for several weeks as if their owners were government spies. So great, it is said, is the annoyance of ladies at having to leave behind their treasured pets that a rumor has lately become current in the French papers to the effect that some pet dogs have been smuggled into England disguised as babies.

The number of cases of smallpox in London has reached 7 and the number of deaths from it, 1,000.

# Chicago's Water Supply.

In 1880 the supply of water per capita to the inhabitants of Chicago was 116 gallons daily. In 1890 it was 126 gallons. The water pipe mileage has tripled in ten years. At present Chicago's water supply is 300,000,000 gallons a day, or at the rate of 160 gallons to the inhabitant. Chicago's revenue from water taxes is \$3,500,000 a year. The cost of operating the water system is \$2,000,000.

### FACTS AND OBSERVATIONS

#### Enroute to Caney, Ky., and Return.

The writer left home on Tuesday morning. After seeing the ice and electric plant at Winchester he took train for Jackson. O. G. Hadden is no longer with the Arlington. Our stay here was short. After dinner at the Arlington we went by O. & K. railroad, stopping at important points while freight was being handled. Left train at Lee City. Went to Hazelgreen in buggy in time for supper at 8:30 o'clock. On Wednesday morning we mounted a horse and rode to "any Ky.", to attend a reunion of old soldiers.

#### THE REUNION OF CO. C, FIFTH KY. REGIMENT, U. S. A.

Was held at Caney, Ky., on Wednesday, May 14, 1902. The meeting was called to order at 10:30 a. m. in the schoolhouse by Dr. B. F. McClure who explained its object.

The address of welcome was made by Greenville Stacy. The response was by Joe C. Lykins, of Wolfe county, First Sergeant of the company. The privileges of the meeting were extended to all the old comrades and soldiers of the Spanish American war. To all these dinner was served at the Central Hotel.

The committee of arrangements was composed of men and women of the town, who contributed much to the success of the meeting and the comfort of their guests.

#### AFTERNOON SESSION.

After dinner the veterans and those who fought for the liberation of Cuba lined up on the streets and had their pictures taken. They then assembled and effected a per-

manent organization by electing the following officers: Milton B. Cox, President; D. J. Lykins, Secretary; W. M. Kendall, D. C. Lykins, H. M. Barker, Frank Amber, Greenville Stacy and Joe C. Lykins, Executive Committee. The committee on resolutions reported as follows:

- (1) That the name of this organization be the T. J. Henry Confederate Association.
- (2) That a reunion shall be held annually on the 14th day of May. If the 14th comes on Sunday then the meeting shall be on the 13th, and that these reunions shall continue so long as two of its members shall be living.
- (3) The next meeting of the association shall be held at Natural Bridge, Ia Powell county.
- (4) That the thanks of the association be tendered the executive committee having a charge the meeting, and to the town officials and citizens of Caney for their kind and hospitable entertainment.

There was a large crowd in town and good order prevailed.

Miss Myrtle Reed, the teacher, has been sick since February and is now with her father's family at White Oak. Her mother is also dangerously sick.

A. K. Day & Co. are building a new store and will put in a large stock of merchandise.

At the reunion we met Amber Davis, of that county. He is one of Morgan county's most influential men, and is again seeking the Democratic nomination for Congress having, like his competitor Frank Hopkins, been defeated at the last convention.

We left for Hazel Green on Thursday morning. We stopped at Caney City the terminus of the O. & K. Railroad to look at the coal mines. We met Mr. Stephen Bradley, the Boss Weigher, whose home is in Winchester. He is father in law of Dr. I. A. Shirley, of that city.

We are indebted to Harry Vaughn, the Bank Boss, for courtesies. He took us into the mines on both sides of the ravine, explained the ventilation by means of a furnace, the plan of working and etc. For the first time we saw pneumatic machines in use by means of compressed air. A central plant down in the valley furnishes the motive power which is piped through the mines. Connection from this pipe to the machine is by a rubber hose. Each is operated by one man. It weighs about 700 lbs., with a pressure of about 80 lbs., the drill makes a stroke of about 16 in., cutting under the coal which is then shot down with powder. The cannon coal in this section is from 18 to 22 inches, with bituminous coal above. At present

the working force is from 45 to 50 men.

We next stopped at Rittenhouse, where is the mine formerly owned by a Mr. Williams. This at present is not being worked, but will soon be. Jno. Schuler showed us the sights of this wonderful mine. Here the coal is full six feet thick—42 inches canal of two qualities lying on each other and 30 inches bituminous. There is no intervening slate on waste. We walked erect anywhere in the mine. This mine belongs to J. S. Rittenhouse and others. Both going and returning on this outing we met J. H. Lottum, of Millersburg, who has the agency for this coal in some Central Kentucky counties.

Judge J. E. Cooper, M. O. Cockrell and J. M. Bigstaff, of Mt. Sterling, have recently bought of Wm. Witt 207 acres of land adjoining the Rittenhouse land, for \$4000; the indications are favorable for a 4 foot vein of coal.

At Neola we met H. C. War mouth who recently opened a store here, having come from Clay City where he was in business as War-mouth & Rose.

We dined at the home of Wm. Davis, an aged citizen, a friend of our father in the long ago.

We spent from Thursday afternoon till Saturday morning at Hazel Green. W. O. Mize who has been in Indianapolis for some weeks returned on Thursday.

Heik work on the college building has reached the windows of third story and will be finished by 24th. It is expected that the building will be occupied early in the fall. Notice will appear in next issue concerning the closing exercises of the school.

We left Hazel Green on Saturday morning, drove 5 miles in hack, to Hele-chew (a excuse the name, we are not responsible for it) in time for train at 7:30 for Jackson, spent about three hours in Jackson, until 1:20. If the officials desire to change the name of that station we will not object. Really we do not know how to pronounce it. Here passengers for Hazel Green leave the road.

Passengers can leave Mt. Sterling on 5:50 a. m. train, wait at L. & E. Junction till 8:37 (or if preferred leave here at 7:12 a. m. go to Winchester and take L. & P. train there at 8:25) take dinner at Jackson and leave there at 1 p. m. for Frozen Creek, Hel-Hele-chew, Caney City and intervening stations including Hazel Green. We give this for benefit of public who wish to go to any of these stations. The train service is one trip daily.

The L. & E. Railroad is an important factor in the development of Eastern Kentucky and we are pleased to see that its business is flourishing. Excursion traffic has begun.

W. W. Howe who had charge of El. Park last year is again in charge at Torrent. We greeted him as the train pulled through. The formal opening hall will be given June 11th.

Two ear loads of excursionists were at Natural Bridge and were picked up.

We stopped at L. & E. Junction, tramped to Schollsville and Hedges for our health and business and reached home on Saturday night after business hours.

#### LAND, STOCK AND CROP ITEMS.

E. B. Kalls, of Sharpburg, on Friday sold to Ben Henry and John Donald, of Nicholas county, a yearling Jack for \$350 and a three year old Jennett for \$150.

R. N. Ratliff, of Sharpburg, is buying a lot of strictly fancy mare mule colts. He has paid as high as \$80.

#### They Accept.

By a vote of 24 to 19 the Methodist War Claim Committee reported in favor of accepting the money and sustaining the book agents. The minority report recommends returning the money to the Government and roasts Attorney Stahman.

### RELIGIOUS.

Pastor W. J. Holln will preach at Howards Mill next Sunday afternoon at 8 o'clock.

Rev. Frank E. Cooley, of Danville, has declined a call to succeed Rev. G. C. Abbitt as rector of Ascension Parish.

The topic for the Prayer Meeting at the Baptist Church Wednesday evening at 7:30 is "With Jesus in the Wilderness." A cordial invitation to all.

Dr. Len G. Broughton, of Atlanta, Georgia, preached at the First Baptist Church, Asheville, N. C., Sunday of the Southern Baptist convention meeting and at the close, more than 200 persons came forward asking for prayer.

On June 10, the County Sunday School convention will be held at Grassy Lick Church. This event is not a picnic, but a conference of Sunday School workers, all of whom are cordially invited.

The Men's Club of the First Presbyterian Church, will meet at the home of Prof. Henry Gunn on next Friday evening at 7:30. This will be the last meeting before the summer vacation, and every member is urged to be present.

Regular services at the First Baptist Church next Sunday morning and evening. Preaching by the pastor. Subject for the morning sermon, "Four Questions concerning Baptism." Evening subject, "Jesus Christ, A. Z." You are cordially invited to be present.

This year celebrates the centennial of the organization of the Home Mission Board of the Presbyterian Church. Special services were held at the General Assembly on last Sunday, and a request made that all pastors mention the subject from their pulpits. In compliance with this request, Rev. Geo. A. Joplin preached a strong and comprehensive sermon on that subject, showing that the home mission work of the churches of the United States had much to do in shaping our government, and forming the character of our people; making this a Christian nation.

Rev. G. C. Abbitt will preach his farewell sermons at Ascension Church Sunday morning and at the Sideview Chapel Sunday afternoon, and will enter on his duties as rector of the church at Hopkinsville in the month of June. Mr. Abbitt has endeared himself to our people and the citizens of Mt. Sterling and the county are sad because of his going. For him only best wishes will be entertained.

By appointed commissioners, Rev. John E. Abbitt was ordained to the gospel ministry on last Tuesday evening. Ordination sermon was preached by Rev. Wm. Cummings, of Winchester. Candidate and congregation took vows of faithfulness in the their new relations. Rev. C. O. Groves, of Pisgah delivered the charge to pastor and Rev. Edwin Mullen to the congregation. Mr. Abbitt is a young man of fine attainments, deeply impressed with his call and will doubtless do much towards the betterment of mankind. With this term he will become a full graduate of the Louisville Theological school.

#### Attempted Arson.

On Saturday night about midnight the little Grocery store occupied by the Simpson Brothers near depot was discovered to be on fire. The evidence of coal oil and its application to the building caused suspicion to rest on the brothers, Dan, Wick, Mat and Farris and they were arrested on Sunday. On failure to give bond they are held until this morning at 10 o'clock when the case will be considered. Some groceries were found secreted in a sink. The insurance on stock and fixtures amounts to \$200.

### MARRIAGES.

#### AUDY BONE.

On tonight, May 20, at the Christian church in North Middle-town, Mr. Watson Judy, son of J. J. Judy, will be married to Miss Laura Bone, grand-daughter of W. L. Huston. After a short trip they will keep house in town. Bennett Dean and Miss Evaline Craig are the attendants, and Rev. C. W. Dick will officiate. The ushers are R. M. Gilkey, Frank Collins, John Davis, Roy McCray, Calver Mang, Clarence Kerr.

### SECRET SOCIETIES.

Messrs. R. S. Stokley, C. T. Wilson, R. J. Hunt, C. B. Stephens, J. D. Turley, Albert Reed, Thos. Scott and Florian Willoughby went to Owingsville Wednesday evening and assisted in the initiation of several candidates into the A. O. U. W. at that place. Owingsville lodge is in a flourishing condition and is composed of some of the best people in Owingsville and Bath county.

### THE SICK.

Mrs. W. T. Tibbs has been sick for a week.

Robert Ecton who was shot at Winchester four weeks ago was in a dying condition on yesterday.

Report comes from Mrs. R. C. Lloyd at Chicago, that she is gaining strength and is much better.

John L. Coleman and G. L. Kirkpatrick have opened an office on the second floor of the Tyler Apperson building in which to do an insurance business.

Harry Hoffmann has rented the second story rooms of the Apperson a business house formerly occupied by ADVOCATE PUBLISHING CO., and will use them for an office. He will do a general insurance business.

## Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor. There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health. When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

# DEATHS.

HARRIS.—On last Tuesday evening at 7 o'clock May 13, Raton, New Mexico, Charles A. Harris, a native of this county, yielded to the monster death after one continuous struggle for life through a period of more than eight years. His remains were brought here Friday evening and after a short service at the home of his father, C. W. Harris, on Howard avenue and Clay street, Saturday afternoon at 3:30 by his pastor, Rev. H. D. Clark, his body was given burial in Mchelpah. It was twenty-six years ago last March when the writer came to Mt. Sterling. He found Charlie Harris a round faced, three year old baby boy. We have known him all along these years and intimately for more than ten years. At this time when his lips have been closed in death it is a sweet privilege to testify of him. He loved the honorable man and his virtues and of all things despicable to him none was more so than those characters which go to make up the irreparable man. For a friend he measured his full length and he was the real man. In the schoolroom with his mother he received a good training for life work and but for the unrelenting disease that had laid hold on him he would have stood at the top in his chosen profession. He was bright in mind, quick of discernment, courageous, he possessed every quality for the making of a great man. Why thus endowed and developed, with a future of brightness he should be taken before he attained his greatest powers is not for man to solve. For years we sat at the same desk. His writings were beautiful in thought and well clothed in language. His spirit was that of the upright man, resentful for the wrongs inflicted on the weaker of races. That his friends may know him of later years we append an extract from a letter written a

"Chum" of his in boyhood days and who is battling with the same physical ailments he had. The letter was to Lindsey Coleman and bears the date of March 30, last:

"I received your letter some days ago, but have not felt equal to answering it before now.

"I gather from your letter the future is dark to you, but so long as there is hope 'don't give up the ship.' The change from your going home may be beneficial and you may live for years. It is but a guess with me whether I will pull out or not. I realize my condition, serious may be chances in my favor. I can so readily walk across the room. Col. Mathew helps me to bed every night, and I tip the scales at 112 pounds. Should God in his allwise providence take us to himself lets meet the final ordeal like men. I pray continually for strength to bear my suffering and courage with which to meet the 'pale rider' without fear. As for the hereafter—

"I know not where His islands left Their promised palms in air; I only know I cannot drift Beyond His love and care."

Goodbye, old chum, I can't write more. God's richest blessing rest with you."

How comforting this? Christ's salvation everlasting.

In search of health, deceased went first to Aiken, S. C., and receiving no benefit he returned home and shortly after went to Raton, New Mexico, and returned after remaining there eighteen months apparently well. Signs of disease returned and he went to Tucson, Arizona, engaging in the railroad business. He was there four years and failing to receive the desired benefits he returned to Raton, N. M., where he departed this life with an abiding faith. His father was at his bedside from 1 to 7 o'clock the day of his death. Charlie made good use of the time left, talking to his father and was conscious all the while. When the final moment came he said: "Dad, I am dying, all is well and" Charlie Harris' spirit had gone to Him who gave it, joining mother, brother and hosts that had gone before. As a child, a schoolboy, as local editor of the Mt. Sterling Advocate the writer knew Charlie from respect, to love. His father and sister, Miss Eliza, survive him. May the God of all grace comfort and sustain them.

Mrs. Lodema B. Duty, aged sixty-six years, died at the home of her son-in-law, Jas. H. Wood, Friday evening at 9:40 o'clock. She was relict of Rev. D. D. Duty, who preceded her about eighteen years ago. Mrs. Duty was a Miss Smith, and was a native of New York, and was a school teacher at Sharpburg, where she married Mr. Duty. She has lived here about twenty four years. She leaves five children, three sons, Chas. H., Chief Deputy U. S. Collector at Covington, Bruce P., traveling salesman for the J. M. Robinson Dry Goods Company Louisville, and William S., druggist with W. S. Loyd, and two daughters, Mrs. James H. Wood and Miss Mary A. Duty, teacher in the Everly seminary. Mrs. Duty was a member of the M. E. church. Funeral services were conducted by Pastor D. W. Robertson, assisted by Mr. R. Hiner, and remains were buried here. Mrs. Duty was one of our very best women and had lived to see all other children grown model women and men with fine positions. Over them she took special care even after they had grown up. Her husband was in declining health when most needed by his family and the duty of care and support fell heavily on her. It was toil, love and prayer, day in and out. A good christian woman has laid down her labors and centered upon a rich reward.

Eddie Wynn, postmaster and merchant at Marilla, Ky., died on Monday, May 19 1902 of fever.

Mrs. Wess Phillips, aged about fifty-five years died at the home of her husband, near Canagay, on Sunday, May 18, 1902, after a sickness of ten days with rheumatism. They have four children. The funeral service was conducted on Monday afternoon by her pastor, Rev. Savage, of the M. E. church,
